## DESCRIPCIÓN

---

Portable speaker with 2 wireless microphones

Benefits: Great power and sound quality provided by its high efficiency class D amplifier. They integrate all the necessary elements for a live performance or speech: 2 wireless microphones (1 handheld and 1 head), 2 microphone inputs, 1 auxiliary, USB / SD / MP3 player, mixer, graphic equalizer, speaker and amplifier.

In addition, its trolley transport cart together with the rechargeable Li-ion battery of great autonomy, make it very versatile and adaptable to numerous uses. It is very resistant to transport thanks to its robust injection construction.

The audio inputs have the standard audio connections on the market: XLR, jack and RCA.

Includes remote control unit for distant control. Its simple and intuitive use minimizes setup time based on use.

Applications: For outdoor activities, group classes, small parties, events and traveling shows.

Technical data:

200 W maximum

Speakers:

1 x 15" woofer

1 x 1" tweeter

Inputs:

2 mics, XLR and 6.3 mm jack

1 stereo auxiliary, 2 x RCA

Outputs:

1 stereo auxiliary, 2 x RCA
