## DESCRIPCIÓN

Portable speaker

### BENEFITS

High power and sound quality provided by its high efficiency Class D amplifier.

It integrates all the necessary elements for a live performance or speech: 1 UHF wireless microphone, 1 microphone input, 1 auxiliary input, USB/SD/MP3 player, mixer, echo function and tone control, loudspeakers and amplifier.

Its long-life rechargeable battery makes it very versatile and adaptable to numerous uses.

It is very resistant to transport thanks to its robust injection moulded construction.

The audio inputs have the standard audio connections of the market: XLR and RCA.

Includes remote control unit for distance control.

Its simple and intuitive use minimizes the time of configuration depending on the use.

### APPLICATIONS

For outdoor activities, group classes, small parties, events and travelling shows.

### TECHNICAL DATA

100 W maximum

Loudspeakers:

1 x 8" woofer

1 x 1" tweeter

Inputs:

1 x mic, XLR

1 x stereo auxiliary, 2 x RCA
