

PLANTRONICS ENCOREPRO™

PROFESSIONAL CORDED HEADSET SERIES

Designed for performance – built to last.

The Plantronics EncorePro™ takes a different approach to headset design. Every component has been designed and produced with one aim – the best performance. The microphone is designed to sit in exactly the right place for optimum audio clarity, and the low slung design ensures it can not be seen by the wearer. The slim speaker has a wideband frequency response for clearer and more intelligible conversations. We've made no compromise on reliability, durability, comfort or audio quality – EncorePro, designed for performance, built to last.

- **Excellent voice quality for clearer conversations with customers**
Enhanced noise-cancelling and wideband audio give you clearer conversations with your customers enabling you to offer a better service
- **Maximum comfort and performance for increased agent wellbeing**
Slim and discreet construction means it looks good and is unobtrusive to wear allowing you to fully focus on the customer. Seven axes of adjustability ensure you can wear the headset in the most comfortable and effective position
- **Best in class reliability and durability** Plantronics heritage in reliability and durability continues with the EncorePro, ensuring the headset is always available to support your business critical applications. This is backed up by our leading service and support programs
